

Macomb Academy of Arts & Sciences

MA²S is a regional magnet center for honors-level mathematics, science, technology and the arts. Operated by Armada Area Schools, the center offers a unique environment for student-designed research and hands-on learning that is active, encompassing and stimulating.

Student/Staff Expectations

- Understand real-life applications of science and math concepts.
- Become independent learners and thinkers.
- Apply critical/creative thinking to problem-solving.
- Be willing to take risks, make mistakes and learn from these experiences.
- Respect ourselves, each other and diverse ideas.
- Take responsibility for ourselves and our own learning.
- Appreciate the beauty of the relationships between mathematics, art and science.

Dynamic and Unique Environment

- Four-year student-designed research program
- Motorola, Inc.: "Partnership for Building Bridges and Futures"
- FIRST Robotics Team
- All classes honors-level
- Creative thinking throughout the curriculum
- Technology as a tool for learning
- Hands-on, interactive, interdisciplinary learning
- Opportunities for independent study
- Unique blend of students from across districts

MA²S

MA²S offers a four-year integrated program that focuses on accelerated learning and problem-solving. Our students are encouraged to question and will become aware of their responsibility to develop their understanding of content, critical and creative thinking and personal qualities that empower them to be mature, poised, self-confident thinkers. MA²S does not rank students. Student ranking is processed at the student's home high school.

Student Selection Process

The student selection process is based on the following criteria:

- Academic Record
- Performance on Achievement and Aptitude Tests
- Teacher Recommendations
- Writing Sample

Our Vision

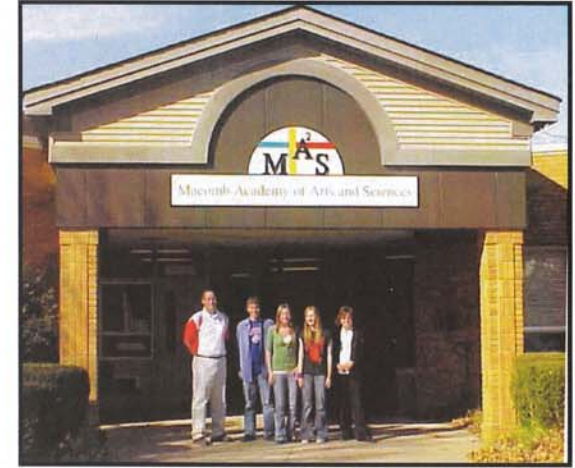

The Macomb Academy of Arts and Sciences is a dynamic and unique environment for optimal learning.
