Request for Information regarding the “Parents Right to Know” Clause of the NCLB Act

School districts are required to notify parents of ALL children in ALL Title I schools, that they have the right to request and receive timely information on the professional qualifications of the teaching staff within the building. This requirement applies to all children in the school—whether or not they receive Title I services—and all Title I schools, both targeted assistance and schoolwide.

When a parent requests information on professional qualifications, districts must, at a minimum, report the following:

- The education level and subject area of the teacher’s college degree major and any graduate degree or certificate held;
- Whether or not the teacher is teaching under an emergency status;
- Whether or not the teacher has met Michigan’s licensing requirements for the grade level(s) and core academic subject(s) they teach.
